IV. Navigating the Eikon homepage

Explore Eikon assets and related content

Type **Home** into the App Library or the Search box to find the Homepage app.

Navigate through news and features via the top or left-hand content menu.
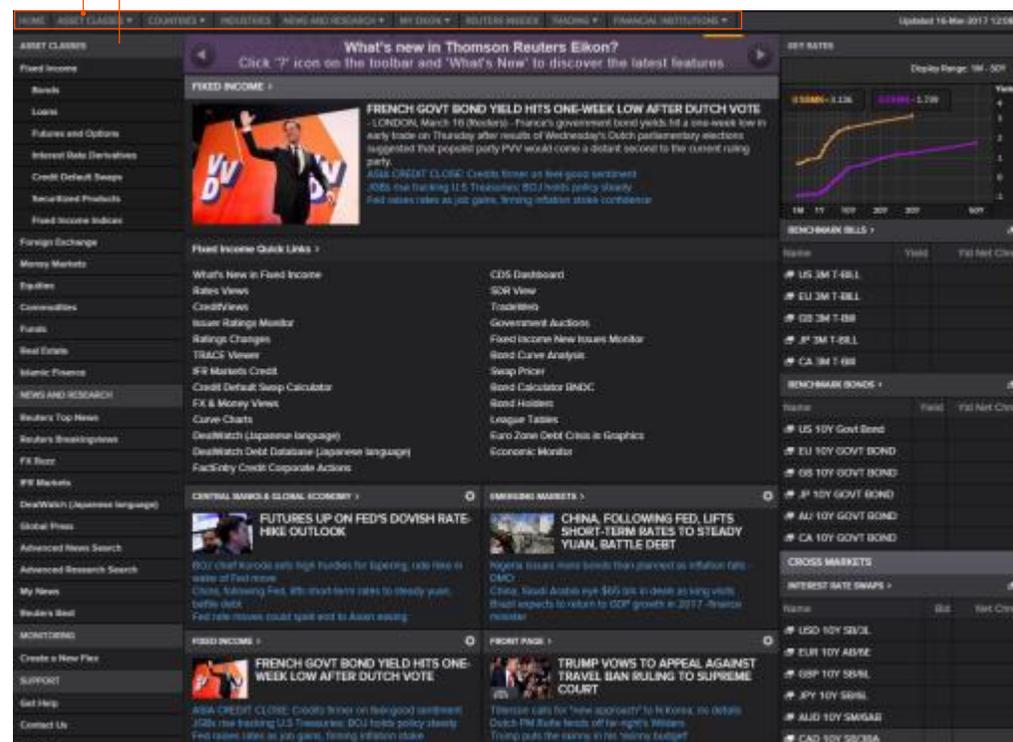

The homepage is personalized to your profile.

Use your floating workspace

Eikon features a floating workspace that displays multiple apps of your choosing. This flexible format means you are not restricted to one size or shape, and can customize screen real estate to suit your needs. With just a few clicks, you can:

- Add the apps you want
- Size them to meet your requirements
- Group them together so that they move as a single entity
- Stack them to create tabbed windows so that you can flip back and forth
- Arrange them around other applications such as Microsoft® Excel® or Outlook®
- Link them together so that they share data

I. Explore apps for your asset class

My Apps gives you one-click access to the apps most frequently used in your asset class. For example, default apps for an equities trader include Quote List, Option Watch, and Time & Sales App.
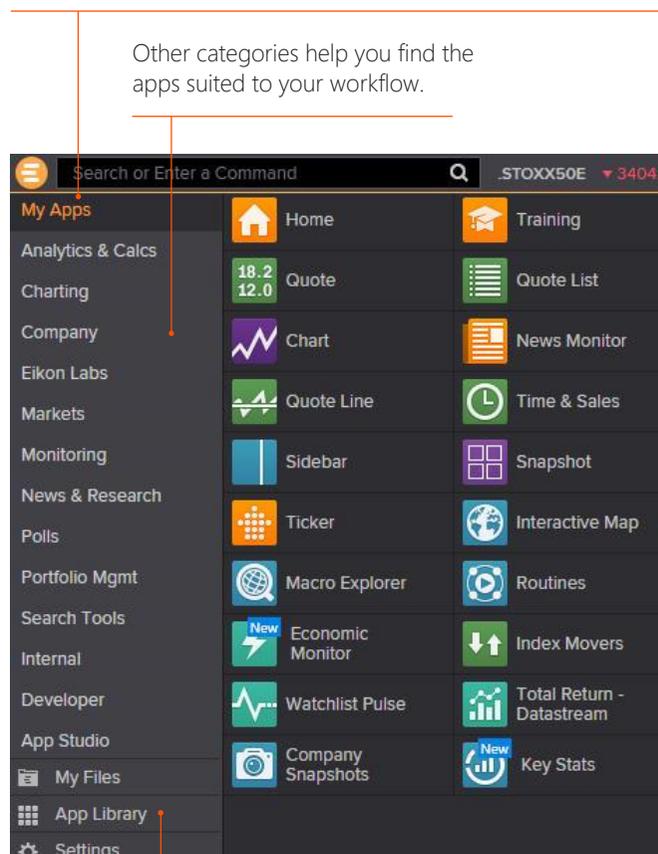

Other categories help you find the apps suited to your workflow.

Click **App Library** to view the full list of available apps.

Tip: You can rearrange apps in **My Apps** by dragging the icons and dropping them to a new location. You can also add or remove apps by clicking on the **+** beside the app name.

II. Browse the App Library

Go to App Library within the app menu.

Begin typing an app name in the search box. Results appear below.

Choose a category or asset class to narrow down your results.
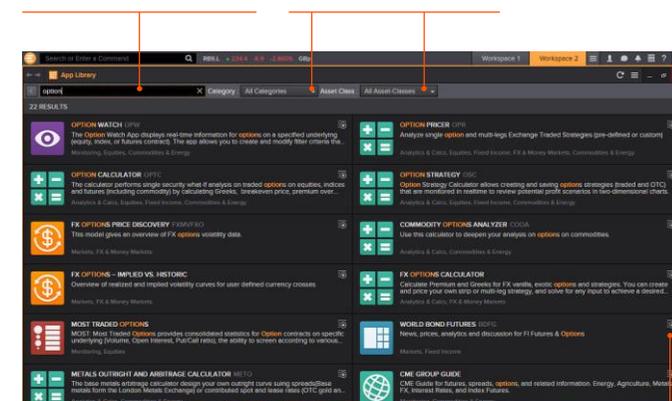

Click **+** to add an app to **My Apps** for faster access.

Tip: Use keyboard shortcuts to quickly access:

F1 – Help	**F9** – News
F4 – Quote	**F10** – Charts

III. Set up your workspace

Create a new workspace

Click a workspace name to make it the active workspace. You can have up to ten workspaces open at any time.
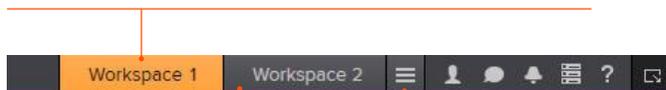

Right-click a workspace to save, close or rename it.

Click **Show Workspace Menu** to:

- Add a new workspace
- Share and save workspaces

Tip: You can share workspaces using Eikon Messenger by clicking on the workspace menu > **open workspaces** > **see more workspaces** > click on any workspace > click the **share** button > click **send a copy** > type the name of recipient and send.
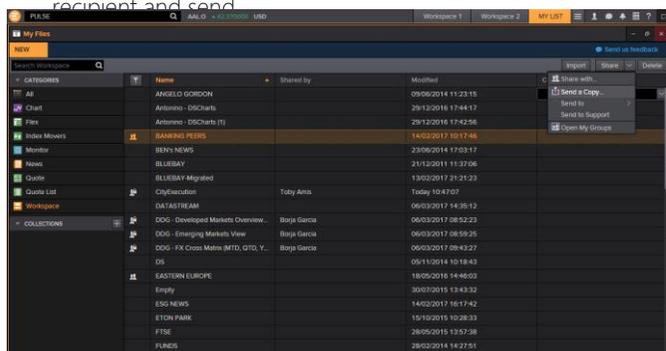

Add apps to your workspace

When you open an app by selecting it in the app menu, the App Library or through the Search box, it automatically becomes part of your active workspace.

This example includes a Monitor, Option Watch, News Monitor and a chart.

Type in **FTSE 100**, click the drop-down triangle Group and to see all constituents. ungroup the apps.

The active symbol (in this case, Renault <RENA.PA>) is the most recent financial instrument you have focused on. When you add an app, it automatically displays data for the active symbol.
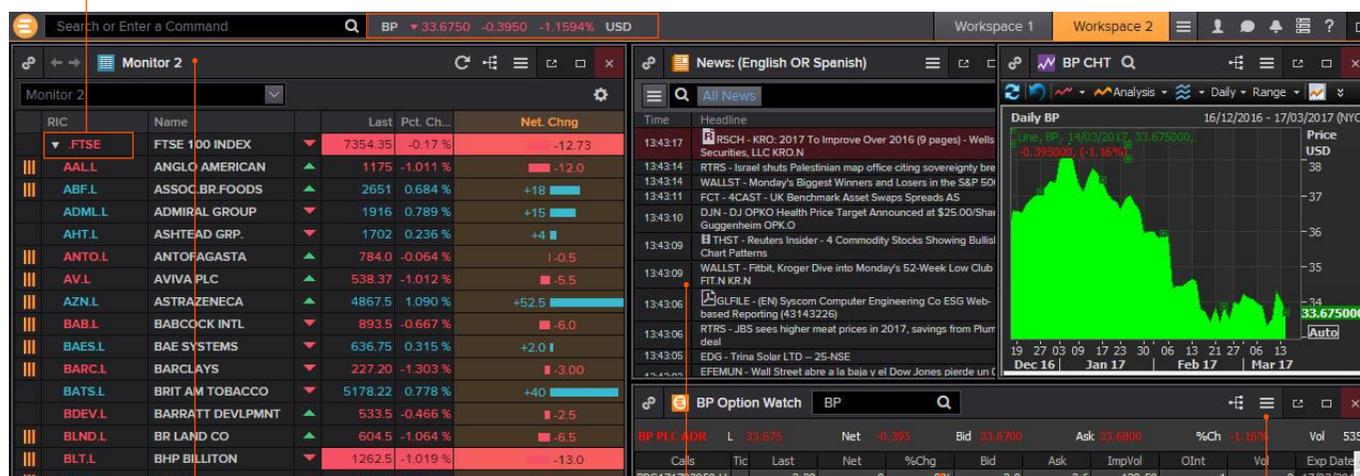

Click an app title bar to move the app. Click and slowly drag an app until its frame touches another app: the two apps group together, and you can move them together as a single group by dragging any one of them.

Tip: In the monitor, add any financial instrument, i.e., 10Y Benchmark bond.

Add News Monitor to your workspace to get:

- The latest market-moving news
- Historical news archives
- Feature-rich, intuitive user interface

For more help, press **F1** when in the app.

Resize an app as you would any other window: just click the frame and drag to the new size.

Use auto-stacking so that new apps open automatically as tabs in the same window.

This saves screen real estate.

Within the same apps.

For eLearning, type **Training** into the Eikon Search box, select **Training for Eikon** app, choose **Getting Started**, select **News** and click **The News Monitor App**.

IV. Link apps together and access related information

You can link apps together so that they share the content of your chosen instruments. Color-coded apps "tune in" to the same datastream.

1. This example includes a Monitor, Option watch, News Monitor and a chart.

2. In the top left of each app, click **Link Channel** 🔗 to choose a color.
Choose whichever color you prefer.
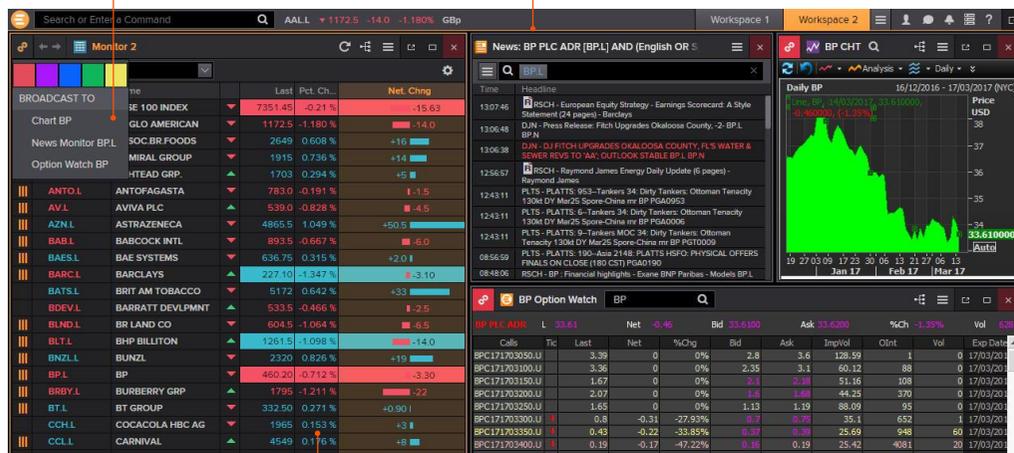

3. Now that the apps are linked, click any instrument on the Monitor; all other apps will automatically display content for the new instrument.

Tip: Right-click on any instrument to access any related information.

Training for Eikon, choose Getting Started, select Learn the Basics and click **Managing the Eikon Workspace**.

V. Save or share your workspace

After creating your workspace, you can save it for later use or share it with colleagues. Just right-click the workspace tab in the application toolbar, and choose **Save**. You will also be prompted to save any unsaved workspace changes when you close Eikon.

1. Right-click the workspace tab and choose **Save**.
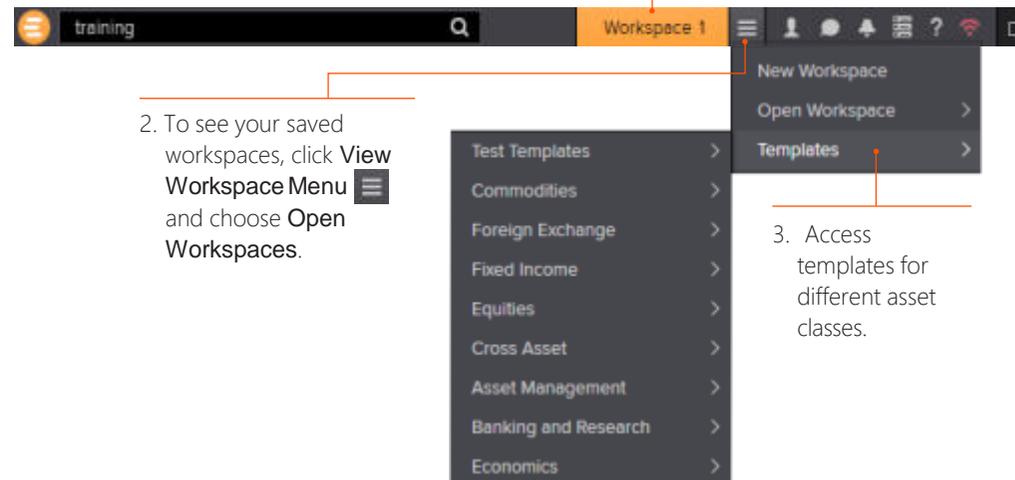

2. To see your saved workspaces, click **View Workspace Menu** and choose **Open Workspaces**.

3. Access templates for different asset classes.
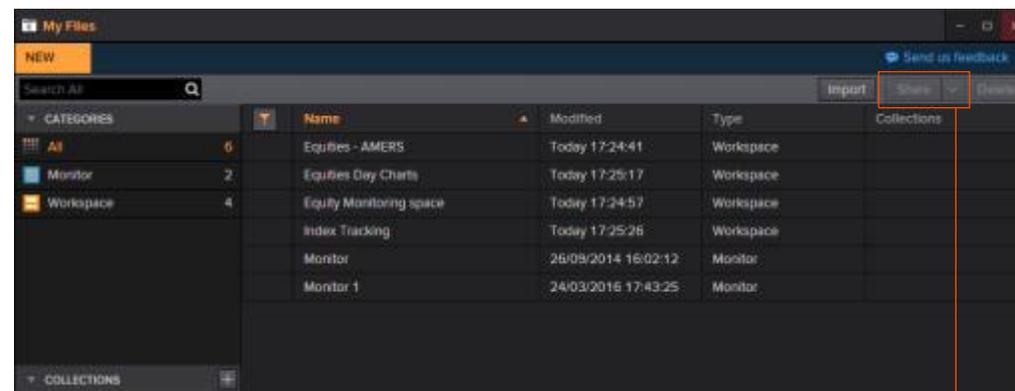

4. View your saved workspaces and layouts. You can share content with your colleagues or other Messenger contacts – just click **Share**.

VI. Get alerts for market-moving events

Get informed immediately of market-moving information with Alerts.

1. Click 🔔 in the top right of the toolbar to open Alerts.
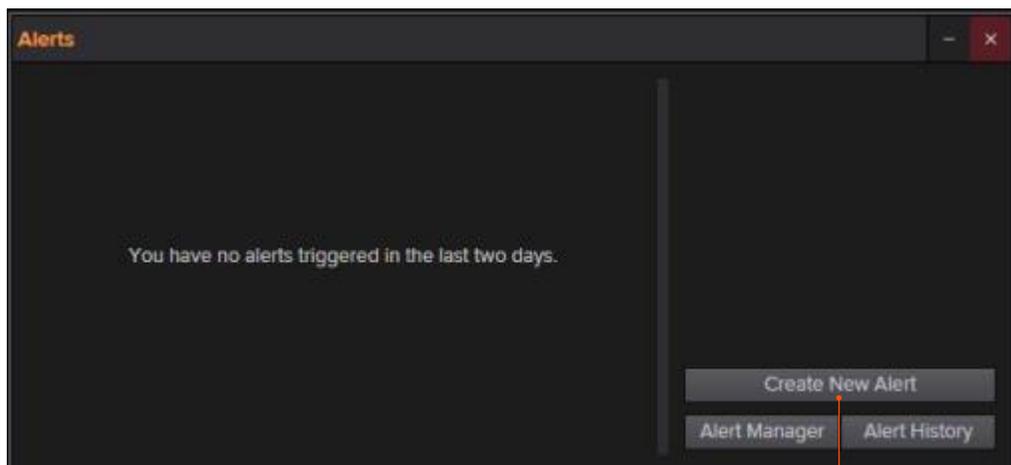

2. Click **Create New Alert**.

3. Choose the type of data or event to trigger the alert.

4. Fill in the alert criteria. For example, you can receive an alert when the instrument price hits a certain threshold. You can easily combine criteria, and Autosuggest helps you find the right instrument quickly.
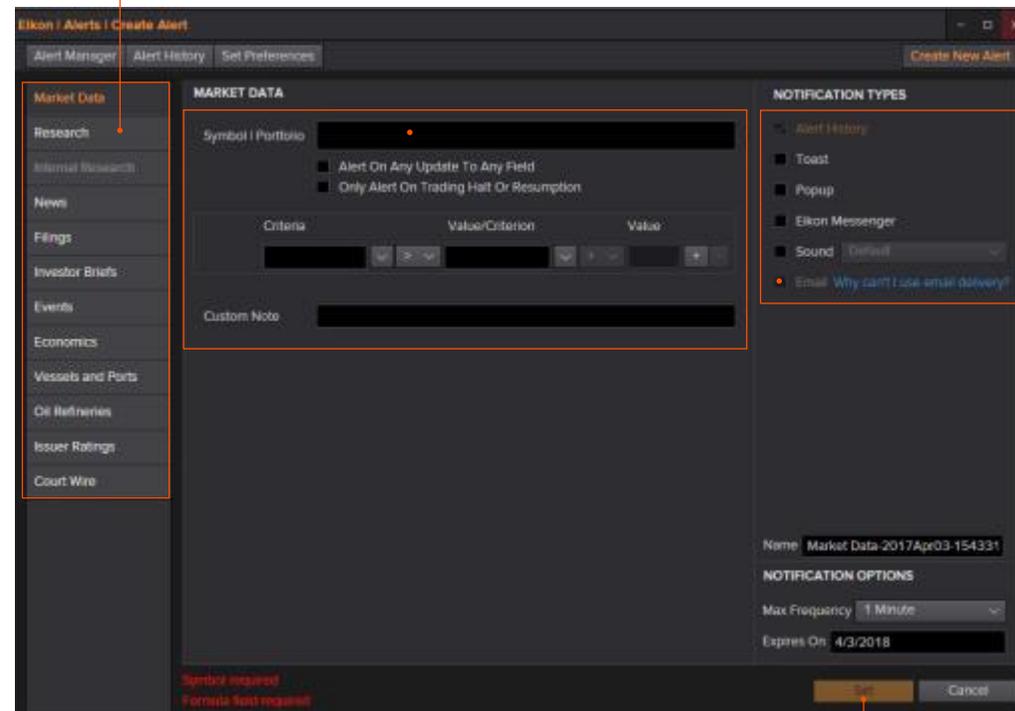

5. Sign up for email alerts by validating your email address in **Set Preferences** tab.

6. Choose how you want to receive alerts.

7. Click **Set** to activate your alerts.

Tip: You can set alerts directly from other apps. Just right-click the instrument you are interested in and choose **Set Alert**.

For eLearning, type **Training** into the Eikon Search box, select **Training for Eikon**, choose **Getting Started**, select **Price Discovery** and click **Creating and Managing Alerts**.

VII. Read news and broker reports offline

With **My Briefcase**, you can collect news and documents and read them later, either on your desktop application or from your mobile device, even when you are offline. You can open **My Briefcase** by clicking ![icon] in the top right of your toolbar and click **My Briefcase** [My Briefcase].

1. Open an app and display filings, research, events or news.
   For example, type **TOPNEWS** in the search bar to access Top News page; click on any story.

2. Use the top menu to navigate through topics.

3. Click **Add to Briefcase**.
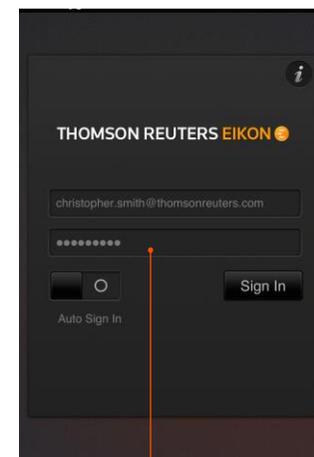

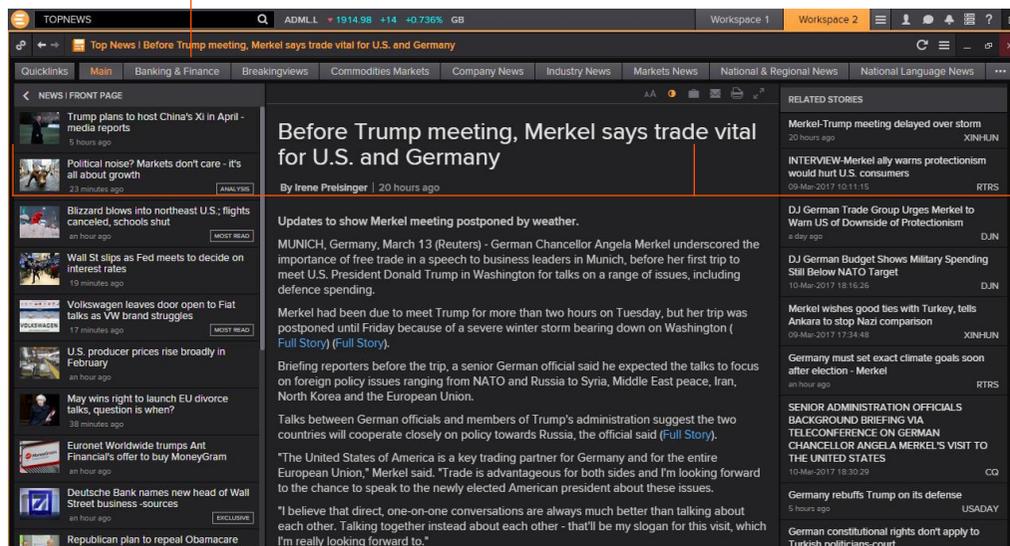

4. Sign into your mobile device.
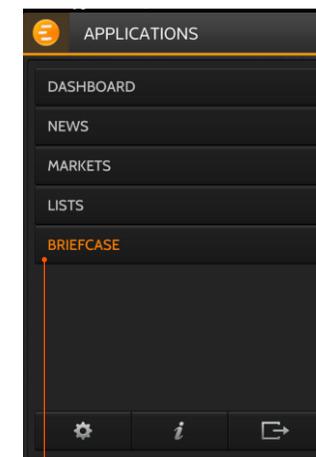

5. Go to **Briefcase** in the **Applications** menu to find the article you saved.

Tip: Use the back button to navigate back to the main Top News page from a story.

For eLearning, type **Training** into the Search box, select **Training for Eikon**, choose **Getting Started**, select **News** and click **Using the Briefcase.**

Monitor your portfolios

I. Make a portfolio or list

Lists are sets of financial instruments that you define. **Portfolios** are predefined or custom lists that include the quantity of each financial instrument, as well as historical purchase prices. You can:

- Create lists and portfolios

- Use predefined portfolios, for example, based on major stock indices

- Share them with other colleagues

- Reuse them in other apps, or on your mobile device

- Export them to Microsoft Excel

1. Open Portfolios and Lists.

   Remember, you can open an app from the app menu, or find it using the Search box, just type in **Portfolio and Lists**.
